ABOUT PAZ GROUP

In 2005, as part of a corporate restructuring of the Baron Forge brand, the Paz Group was formed to oversee a streamlining of group operations and further develop new business opportunities.

Baron Forge specialises in providing services to the commercial building industry, and has a proven track record with some of the largest construction companies in Melbourne. We have been involved in projects for some of the city's most iconic structures, such as the Commonwealth Law Courts, the Victorian State Library, Federation Square, the Austin Hospital and the Westin Melbourne.

The Paz Group of companies (Baron Forge and Paz Stone) draw on a wealth of experience gained in both the commercial and domestic markets, having successfully completed projects for some of this states finest stonework.

OUR TEAM

The principals of Paz Group lead a team of over 150 staff, including project managers, stonemasons, tilers, concrete finishers, carpenters, formworkers and steelfixers.

Our team has many decades of experience on a diverse range of projects, including shopping centres, residential apartments, road works, factories, institutions, aged care facilities and retail offices.

All staff are well-trained in quality assurance systems and procedures, and guarantee rigorous critical path project management and industry-best practice on all tasks.

OUR PROMISE

We are totally committed to excellence in quality, design and workmanship, and to completing projects to a client's satisfaction, on time and on budget.
